JIM CLARK MOTORSPORT MUSEUM

PITSTOPS & ATTRACTIONS

The Scottish Borders is one of the most beautiful, historic and rural parts of the UK where the River Tweed forms a natural boundary between Scotland and England with a backdrop of the rolling hills of the Cheviots and Lammermuirs. The area includes some of the quietest, most scenic roads in the UK where Jim Clark learnt to drive both on the farm and local roads. Recommended route approximately 50 miles.

Please drive responsibly.
