

COMPANY PROFILE 2025

Connecting the World,
Delivering Your Success.

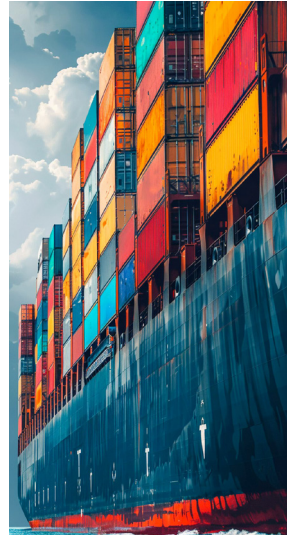

PT. Adda Mitra Global

www.adda-global.co.id

Who we are

At ADDA, we are passionate about delivering innovative and reliable freight forwarding and logistics solutions tailored to meet the diverse needs of our clients. With a commitment to excellence and a focus on customer satisfaction, we strive to be a trusted partner in facilitating seamless global trade.

Established as a trusted partner in freight forwarding, PT. Adda Mitra Global specializes in delivering reliable and efficient logistics solutions to meet your business needs. With years of experience and a team of dedicated professionals, we take pride in connecting businesses across the globe.

Key Highlights:

Established expertise in International Reefer Forwarding.

Proven experience in temperature-controlled logistics ensures your perishable cargo arrives in perfect condition.

Comprehensive Logistics Solutions Tailored to Your Needs.

Flexible, end-to-end services tailored to meet your business needs efficiently and cost-effectively.

Strong Global Partnerships and a Customer-Centric Approach.

Trusted global partnerships and a customer-first approach for seamless operations worldwide.

PT. Adda Mitra Global is a leading freight forwarding company specializing in temperature-controlled logistics and comprehensive shipping solutions. With a mission to connect businesses across the globe, we deliver reliability, innovation, and efficiency in every shipment.

What We Stand For:

1. Innovation

Leveraging technology to simplify logistics, including rate checks, shipment tracking, and scheduling via our website.

2. Sustainability

Committed to green logistics, reducing environmental impact, and promoting eco-friendly practices.

3. Reliability

Trusted by clients for our consistent performance, timely deliveries, and meticulous attention to detail.

At PT. Adda Mitra Global, we are not just moving cargo; we are building connections and creating value. Every shipment we handle reflects our commitment to excellence and sustainability in logistics. Join us as we move toward a future of seamless, responsible trade.

Ilham Wicaksono | CEO

Reefer Forwarding:

Precision and Care for Perishables

At PT. Adda Mitra Global, we understand that temperature-sensitive goods require specialized care and expertise. Our Reefer Forwarding service is designed to maintain the integrity and quality of your cargo from origin to destination.

Why Choose Our Reefer Forwarding Service?

1. Own Asset Trucking and Genset

Equipped with advanced temperature control systems to handle perishable goods such as fresh produce, seafood, pharmaceuticals, and chemicals.

2. End-to-End Monitoring

Real-time tracking ensures your shipment stays within the required temperature range throughout the journey.

3. Global Network

Extensive partnerships with leading carriers provide reliable and timely delivery across continents.

4. Compliance and Expertise

- *Fully compliant with international standards for handling temperature-sensitive cargo.*
- *Experienced team trained to manage all aspects of reefer logistics, from documentation to delivery.*

Comprehensive Logistics Solutions

Tailored Services to Meet Your Needs

Ocean Freight

ADDA specializes in providing services that include Shipping Documentation, Customs Clearance, Cargo Insurance, Warehousing, and Local Distribution as part of our Door-to-Door Logistics Service.

Inland Trucking

We offer a range of trucking and intermodal services. Our clients can rely on our reliable transportation services and be assured of timely and safe delivery of their goods.

Dangerous Cargo

Dangerous Goods (DG) are substances that, when transported, can pose risks to health, safety, property, or the environment.

LCL (Less Container Load)

ADDA's LCL services connect sea, land, and interisland transportation modes into a single efficient process for cost-effective door-to-door delivery.

Air Freight

We provide air cargo services to meet increasing demand, with experience handling various types of shipments, from large cargo to fragile goods.

Bonded Warehouse (Inbound PLB)

Our warehouse services offer secure and organized storage, supporting efficient inventory management, distribution, and shipping with modern facilities and advanced management systems.

Custom Brokerage

Simplify your customs clearance with our professional Custom Brokerage service. We handle all documentation, ensure compliance with regulations, and expedite your shipments to avoid unnecessary delays.

NVOCC Agent

Our NVOCC service offers flexible container solutions and streamlined logistics management. Backed by a strong carrier network, we ensure efficient and cost-effective shipping for your global trade needs.

Manage Your Shipments with Ease at Your Fingertips!

We understand the need of transparency and responsibility for logistical services. We thus offer a digital platform that makes it possible for you to manage shipments quickly and easily.

Modern solutions for your freight forwarding needs.
Check rates, track shipments, and schedule anytime, anywhere!

Check Rates

Get the best rates for your shipments.

Track Shipments

Monitor shipment status in real-time.

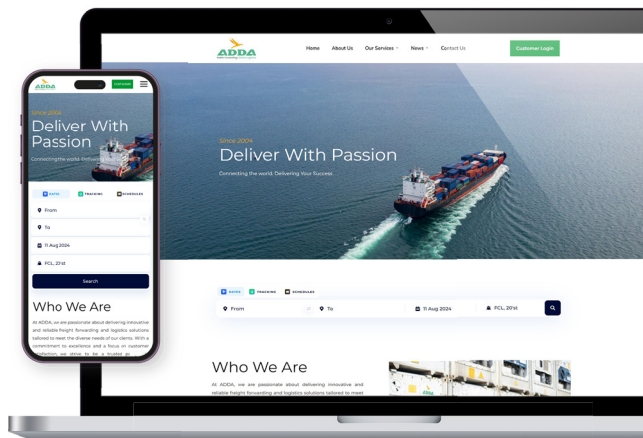

Schedule

Adjust your shipping schedule according to your needs.

Convenient

Highly convenient for supporting your shipments.

Our Commitment to a Greener Future

At PT. Adda Mitra Global, sustainability is not just a goal—it's a responsibility.

As a forward-thinking global logistics provider, we believe that the future of transportation and trade relies on our ability to protect and preserve the environment. Sustainability is woven into every aspect of our operations, ensuring that we minimize our impact on the planet while delivering efficient and reliable logistics solutions to our clients.

Our Core Initiatives

Energy-Efficient Operations

1. Transitioning to low-emission vehicles for inland trucking.
2. Optimizing shipping routes to minimize fuel consumption.

Eco-Friendly Warehousing

1. Utilizing energy-saving technologies in bonded warehouses.
2. Partnering with renewable energy providers to power operations.

Digital Transformation

1. Implementing paperless systems for booking, tracking, and documentation.
2. Leveraging AI to improve supply chain efficiency and reduce waste.

"Together, we're building a sustainable future—one shipment at a time."
