HOW TO TALK TO YOUR ADMINISTRATORS

Administrators/principals won't know what you need if you don't tell them. You are your best advocate. Here's a brief overview of how you can go about presenting PD opportunities.

1

Find the right opportunity: Always keep in mind that it's not ONLY about a topic that interests you, it's about what will most benefit your students and school.

2

Most teachers want PD to be interactive, collaborative, and flexible. Solution Tree has so many options, you are sure to find the right type of service for you.

3

Get support from your colleagues: There's strength in numbers. Poll other teachers, bring another educator to a meeting with your administrator, brainstorm ideas with others.

4

Be prepared: Note as many details as you can, including cost and whether subs will be needed.

5

Tell administrators that Solution Tree is THE premier resource and that any and all PD provided by them will generate measurable results.

Need extra help? We've got you covered. If you need a template for asking for PD funding, Solution Tree has a [pre-written letter](#) you can customize to suit your needs.

EVENTS

The value of networking with educators outside your home campus is immeasurable. Whether you attend a workshop, institute, or summit, you're getting a full professional development experience that you can bring back to your school and district.

You'll meet educators from around the world who share your concerns, passions, and commitments. You'll be greeted with unparalleled professionalism and friendliness from Solution Tree staff. And finally, you'll have real conversations with education's visionaries.

RTI at Work™ Institute

Get unprecedented access to nationally recognized experts and discover how to build a powerful multitiered system of support that meets individual student needs.

PLC at Work® Institute

The PLCs at Work® process is increasingly recognized as the most powerful strategy for sustained, substantive school improvement. Throughout the year, these institutes give you and your team the knowledge and tools to implement this powerful process in your school or district.

Behavior Solutions: A Practical Road Map for Behavior Success in All Tiers Workshop

Fostering positive behavior will increase attendance, improve behavior, prepare students for life, and address inequities in school discipline. This workshop is designed to create a practical roadmap for meeting the needs of the whole child.

The Assessment Collaborative Institute

Teachers will learn how to spark a growth mindset in students, avoid the most common mistakes in assessment design and analysis, and collaborate in teams to identify specific learning issues for targeted instructional solutions.
