2020 uprising political  
prisoner facing deportation

@Free.AVV.dvkes

Ángel (she/hir) is a currently incarcerated 2020 uprising defendant, undocumented immigrant, and Mapuche butch lesbian. She will face deportation to Chile as a result of a politically overcharged case related to the 2020 George Floyd Uprisings – despite being in the US for over 20 years.

ICE will pick hir up at release on April 1, 2025 and begin removal proceedings. Ángel is going to fight like hell to continue hir life in the US – and she'll be in ICE detention until a verdict is reached. If found guilty, she wouldn't be able to return to the US for a minimum of 20 years – but probably a lifelong ban due to the political nature of the case.

In 2020, millions of people cheered on those who took political risks in the name of Black liberation and police abolition. The chants of “We Keep Us Safe” means community care and refusing to abandon each other in crisis, and Ángel needs us to fight with hir.

If you spent the summer of 2020 posting “ACAB,” “Fuck 12,” “Fuck ICE,” “Burn it Down,” and haven't engaged in movement work for the political prisoners of 2020 since – supporting Ángel is a great way to continue to put those sentiments into action.

Dedication to Black liberation (and betrayal from a supposed comrade who informed to the FBI) is why she was targeted and locked up alongside hir 4 co-defendants, including hir fiancée René who is currently on home confinement in Little Rock, AR.

Ángel is asking your support with mutual aid, written love through letters, political education materials, and most importantly – getting plugged into hir support efforts as she fights the deportation case while in ICE custody.
