

GLOBAL
PARACHEM LLP

ABOUT US

Carrying forward a legacy in packaging that dates back to 1989, Global Parachem LLP was founded by Jasdeep Singh in 2016. Initially, core production centred around flexible packaging and 3 years later, the company segued into Sustainable Packaging with Paper Bags, Compostable Bags, and Post Consumer Recyclable Material to support circular economies. More recently, GPL ventured into FMCG packaging with Bread Packaging and Automobile Parts with VCI Bags.
